

AmirHossein GholamPour

Frontend Developer | React Specialist

amir.pampay@gmail.com | +98 938 638 6407 | Karaj, Alborz, Iran | [LinkedIn](#) | [github.com/shenskho](#)

Professional Summary

Frontend Developer with 2.5+ years of hands-on experience building scalable web applications using React, JavaScript, and Redux. Proven track record delivering government-grade systems including national employment exam platforms. Strong command of modular component architecture, state management patterns, and REST API integration. Committed to clean code principles and continuous learning — currently advancing TypeScript and Next.js skills.

Work Experience

React Developer

May 2025 – Present (1 yr 1 mo)

[Faradis Computer Researchers Cooperative Co.](#) · Karaj, Iran

- Developed and maintained single-page applications using React, Redux, and Redux-Thunk
- Built the National Employment Exam Management System for government agencies (2024)
- Built the Central Bank Employment Exam Management System (2024)
- Designed reusable, modular component libraries following Clean Code principles
- Integrated REST APIs using Axios/Fetch with async data flow management
- Collaborated in Git-based version control workflows within a cross-functional team

Software Development Engineer — Frontend

Dec 2023 – Feb 2025 (1 yr 2 mo)

[Iran IT Development Center \(MAGFA\)](#) · Tehran, Iran

- Developed UI for government digital services using React and JavaScript (ES6+)
- Implemented e-namad (Electronic Trust Badge) platform — a national e-commerce trust system
- Applied responsive design principles for cross-device compatibility
- Maintained consistent code quality through code reviews and Agile sprints

Technical Skills

Advanced: React · JavaScript (ES6+) · HTML5 & CSS3 · Redux / Redux-Thunk · REST API · Git · React Hook Form · Reactstrap · Axios / Fetch

Intermediate: Next.js · React Query

Concepts: Clean Code · Modular Design · App Router · Provider State Management · Responsive Design

Learning: React Query / TanStack · Tailwind CSS · Jest & React Testing Library · Zustand · TypeScript

Key Projects

- National Employment Exam System — React · Redux · REST API · 2024
- Central Bank Employment Exam System — React · Modular Design · 2024
- e-namad — National E-Trust Badge Platform — React · REST API · 2023

Education & Training

B.Sc. Accounting

2015 – 2018

[Islamic Azad University, Shahriar](#) · Shahriar, Iran

- Frontend Development Bootcamp — StarCoach — 2023 · Duration: 2 months · Karaj
